

Advanced Archaeological Field Methods in Alaska (0103-532)
Late Pleistocene Archaeology Field School in the Tanana Valley, Alaska

Principal Investigators

Brian T. Wygal, Adelphi University
Kathryn E. Krasinski, Adelphi University
Charles E. Holmes, University of Alaska Fairbanks
Barbara Crass, University of Wisconsin Oshkosh

Undergraduate tuition (4 credits)..... \$3,640
Fees.....\$130
Food and logistics.....\$200
Cost.....\$3970

Includes food and transportation while in the field

Tanana Valley, AK

Already have a field school but looking for more? Consider the Advanced Archaeological Field Methods in Alaska. Graduate and seniors with previous field experiences are especially encouraged to apply. Experience a vast wilderness, participate in ongoing research, and make new discoveries. Research will focus on the newly discovered Holzman site along Shaw Creek where large mammal bones, a mammoth tusk, and stone tools have been found dating back to the end of the last Ice Age. Join our research team in the scenic Tanana Valley as we investigate the question, **who were the First Alaskans?**

Join the expedition today!

For more information, contact Prof. Wygal at bwygal@adelphi.edu or (516) 877-4111.
